The Hong Kong Jockey Club Charities Trust

Founded in 1884, the Hong Kong Jockey Club (“HKJC”) is a world-class horse racing operator and Hong Kong’s largest community benefactor, as well as one of Asia’s most prestigious membership clubs. Operating as a not-for-profit organization, the HKJC allocates its surpluses for charitable and community projects through its Charities Trust. Working with government, nongovernmental organizations, and community partners, the Trust is committed to improving the quality of life of the people of Hong Kong and providing immediate relief to those most in need. A philanthropic organization in its own right, the Trust also proactively identifies and initiates projects that anticipate future community and social needs.

The Hong Kong Jockey Club Chicago Booth Executive MBA Scholarship

Since 1998 the Trust has been awarding scholarships at the city’s tertiary institutions to students who combine outstanding character, leadership, and academic performance with a strong commitment to serving the community. In a major strategic step forward in nurturing Hong Kong’s most promising people, the Trust started offering scholarships at the University of Chicago Booth School of Business in Hong Kong to support aspiring leaders at nonprofit organizations in pursuing the Executive MBA Program. The program empowers students with a global vision, international network, and world-class education, thereby building the capacity of Hong Kong’s social service sector to respond to increasingly complex social problems in the 21st century.
